ORDER ADOPTING INITIAL DECISION SETTLEMENT

BPU DOCKET NO. EC07090690
OAL DOCKET NO. PUC02391-09S

BY THE BOARD:

While this matter was pending at the OAL, the parties, with the assistance of ALJ Cookson, engaged in negotiations and entered into and signed a Consent Order ("Consent Order") that was submitted to and executed by the ALJ. By Initial Decision issued on November 12, 2009, and submitted to the Board on November 19, 2009, to which the Consent Order was attached and made part thereof, ALJ Cookson found that the settlement terms contained in the Consent Order were voluntary, that said terms fully disposed of all issues in controversy and that it satisfied the requirements of N.J.A.C. 1:1-19.1.

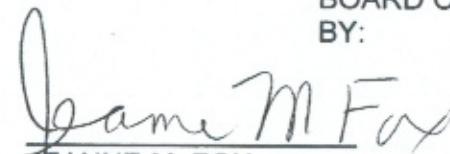

Pursuant to the terms of the Consent Order, Respondent agreed that on November 17, 2009, or a date thereafter provided that fourteen days notice is provided, Respondent will temporarily de-energize the electric service to the Petitioners' buildings located at 222 Park Avenue and 738 E. 18th Street, in the City of Paterson for two days subject to the following conditions: (1) Upon receiving fourteen days notice of the date that the outage should take place, Respondent will schedule the outage for that day and for the return of service two days thereafter. Because Respondent's ability to take an outage is dependent on weather and operating conditions, should a delay occur, the outage will be rescheduled with no penalty to either party. (2) Petitioners will provide notice to tenants or residents in the affected building ten days prior to the beginning of the interruption of service and provide proof of said notice to Respondent. (3) The work performed by Respondent to de-energize the electric service at the subject location is temporary and will be performed one time at the costs set forth in the Consent Order. Any future costs, except in the case of a delay in the scheduling of the work, will be at the request of and at the cost of the building owner.

It was further agreed that Petitioners would be responsible for all costs associated with Respondent's work in providing the interruption of service not to exceed \$9,000.00 in total. This amount is to be paid in bi-annual payments of \$1,500.00 with the first payment due on or before December 31, 2009, with future payments to be made once every six months until the \$9,000.00 is satisfied. Petitioners have also agreed that if payment is not made pursuant to the terms set out in the Consent Order, they shall be responsible for Respondent's total costs without cap and any interest on such amount.

After review of the Initial Decision and the Settlement of the parties, the Board HEREBY FINDS that, by the terms of the Consent Order, the parties have resolved all outstanding contested issues in this matter. Accordingly, the Board HEREBY ADOPTS the Initial Decision and the Consent Order executed by the parties and ALJ Cookson in their entirety as if fully set forth herein.

Record Closed: November 9, 2009

Decided: November 12, 2009

BEFORE GAIL M. COOKSON, ALJ:

On November 9, 2007, this matter was transmitted to the Office of Administrative Law (OAL) for hearing as a contested case pursuant to N.J.S.A. 52:14B-1 to-15 and N.J.S.A. 52:14F-1 to- 13, relating to the issue of the temporary disconnection of electrical

service at petitioner's commercial property, and the costs relating thereto, in order to allow access by petitioners' contractor to a location in close proximity with that service. It was initially assigned to the Honorable Irene Jones, A.L.J. In or about July 24, 2008, the case was re-assigned to the Honorable Gail M. Cookson, A.L.J. The undersigned convened several settlement conferences with the parties and at each of those conferences, significant progress toward an amicable resolution was reached.

As a result of these constructive negotiations at both the OAL and privately amongst the parties, the parties submitted under cover of November 5, 2009, a fully-executed Order in the form of a Consent Order which I have entered, and which is attached hereto and made part hereof. It resolves this utility consumer dispute to the full satisfaction of the parties. Accordingly, and on that basis, I have reviewed the record and terms of the Consent Order and **FIND**:

1. The parties have voluntarily agreed to the settlement as evidenced by the signatures of the parties or their representatives.
2. The settlement fully disposes of all issues in controversy and is consistent with law.

I **CONCLUDE** that the agreement meets the requirements of N.J.A.C. 1:1-19.1 and therefore, it is **ORDERED** that the matter be deemed dismissed with prejudice and that these proceedings be and are hereby concluded.

I hereby **FILE** my initial decision with the **BOARD OF PUBLIC UTILITIES** for consideration.

This recommended decision may be adopted, modified or rejected by the **BOARD OF PUBLIC UTILITIES**, which by law is authorized to make a final decision in this matter. If the Board of Public Utilities does not adopt, modify or reject this decision within forty-five (45) days and unless such time limit is otherwise extended, this recommended decision shall become a final decision in accordance with N.J.S.A. 52:14B-10.
